Additional Electrical Services

The power outlet in the shell scheme is only for generally domestic/ offices electrical appliance other than lighting. Exhibitors who require additional lighting can rental from the official contractor –**Pico IES Group (China) Co., Ltd. (Hall W1-W5, N1) / Shanghai SYMA - Expo Ltd (Hall N2-N5) / Shanghai Homer-Expo Service Co, Ltd. (Hall E1-E7)**. If the exhibitors carry their own lightning, the lightning connection fee should be paid. Please refer to **Form 4** for details, the exhibitor can order the lightning connections for their own lighting equipment directly via **Form 4**, and send the form back to **Pico IES Group (China) Co., Ltd. (Hall W1-W5 , N1) / Shanghai SYMA - Expo Ltd (N2-N5) / Shanghai Homer-Expo Service Co, Ltd. (Hall E1-E7)**.

Exhibitors' electrical equipment (including the lightning) has to comply with the venue's regulation. Exhibitors can't use the equipment which is against the power regulations. The venue provides 3 phase 5wire 380 Volt of electricity. Exhibitors who want to rental the power facility, please fill in the

Form 8, and send it back to **Pico IES Group (China) Co., Ltd. (Hall W1-W5, N1) / Shanghai SYMA - Expo Ltd (Hall N2-N5) / Shanghai Homer-Expo Service Co, Ltd. (Hall E1-E7).**

2021 New rules: DISTRIBUTION BOX WITH MONITORING FUNCTION

The first level electric box of the exhibition booth should be applied separately as power electric box and lighting electric box. The distribution box with monitoring function must be applied for the lighting electric box of the exhibition booth at the same time. The secondary level electric box (lighting part) of the booth is replaced by the distribution box with monitoring function and exhibitors or constructors do not need to carry their secondary electrical box (shunt box) to the venue any more. The application method is the same as that of the first level electric box.

Additional Rental Furniture

Besides items provided in the basic Shell Scheme Booth, exhibitors may require additional furniture items which can be supplied on a rental basis by Official Stand Contractor. Please complete the **Form 4** in Form Section and return promptly to **Pico IES Group (China) Co., Ltd. (Hall W1-W5, N1) / Shanghai SYMA - Expo Ltd (Hall N2-N5) / Shanghai Homer-Expo Service Co, Ltd. (Hall E1-E7).**

Rules and Regulations for Shell Scheme Exhibitor

- 1) Exhibitors with shell scheme are not allowed to paint, wallpaper or poster the shell scheme booth panels. Contact VNU to order a different color - an additional cost will be applied.
- 2) No additional booth fitting or display can be attached to the shell scheme structure.
- 3) No nailing or drilling is allowed.

Please note: according to the latest laws and regulations, **KT board 、 any Foam Modeling Material and Simulation plants (including the plastic plants decoration, etc.) are forbidden to use.**

For shell schemes that involve additional structural decoration or construction, the cleaning deposit must be delivered to the official contractor as below:

Booth area <24 sqm: RMB 2000.00 / booth ; Booth area ≥24 sqm: RMB 3000.00 / booth
